ENG101+LAB (ENG101LL)
Formerly Accelerated Learning Program (ALP)

MESA COMMUNITY COLLEGE
A **MARICOPA** COMMUNITY COLLEGE

* **For students whose placement measures do not put them into ENG101,** Mesa Community College now offers ENG101+LAB (ENG101LL).
* Students *must* enroll in both halves of the pair. Classes and labs cannot be mixed and matched, nor can students enroll only in the ENG101.
* Altogether, ENG101+ENG101LL is 4 credit hours, but with the meeting pattern of two 3 credit classes, to provide students with maximum supplemental instruction time at minimum cost and load.
* As with the previous iteration (ALP), ENG101+LAB helps students who don't place directly into ENG101 to still complete ENG101 in one semester.
