Several student designs will be featured on the runway at Mesa Fashion Forward presented by the Mesa Chamber of Commerce at Superstition Springs Mall (in JCPenney Court) on Saturday, April 20.

Mesa Community College (MCC) invites the community to "The Future of Fashion" at 6 p.m. on Thursday, April 25 at Navajo Hall on the Southern and Dobson campuses, located at 1833 W. Southern Ave. in Mesa. Free and open to the public, the event features more than 100 original creations created by MCC Fashion Program students.

"The enthusiasm and dynamism of our students is what gives our program its energy. This fashion show showcases the creative talents, pattern making and sewing skills of our students," said Kimberly Broxham, director of MCC's professional fashion design program. "This year, our fashion show production class, along with student volunteers from our merchandising classes, are showcasing their skills behind the scenes, providing valuable work experience for those considering careers outside of the runway."

Several student designs will be featured on the runway at Mesa Fashion Forward presented by the Mesa Chamber of Commerce at Superstition Springs Mall (in JCPenney Court) on Saturday, April 20.

Unlike many fashion programs, MCC welcomes individuals interested in learning specific skills, such as draping or sewing, as well as those interested in earning a certificate of completion or an associate of applied science degree.

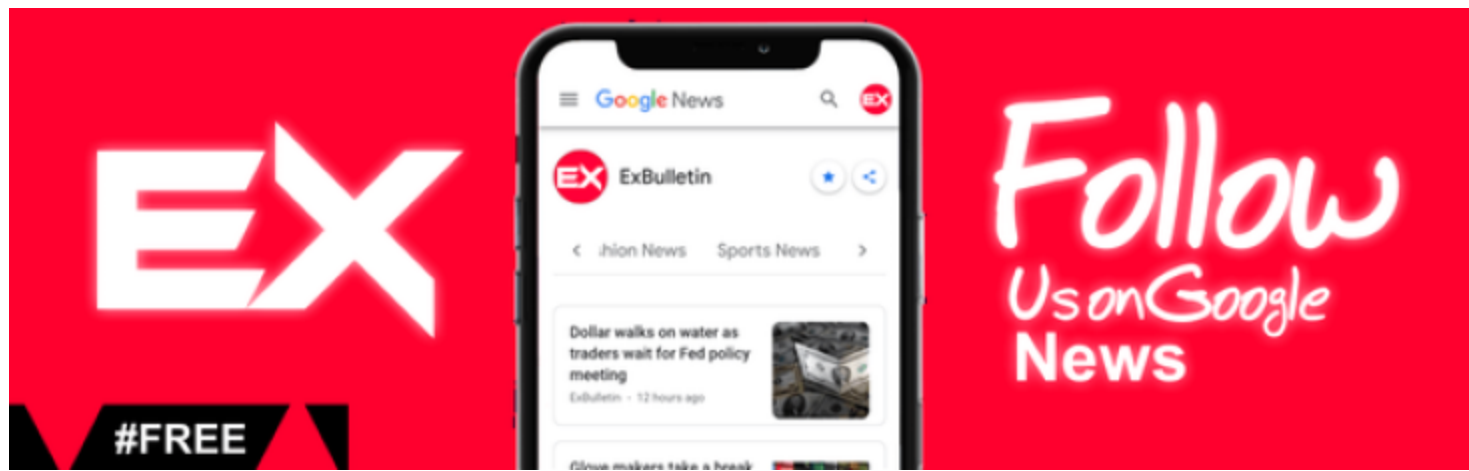

Learn more about the degrees and certificates offered by the MCC Fashion Program at [mesacc.edu/fashion](https://mesacc.edu/fashion).
