Top 100 Schools with Criminal Justice Degrees Highlighted in Two, Four Year College Lists

Reno, Nev. (PRWEB) November 29, 2016

An in-depth analysis of college quality and cost by AffordableCollegesOnline.org has determined the Best Online Criminal Justice Programs in the U.S. for 2016-2017. The higher education information and resource provider compared hundreds of colleges and universities around the nation to determine the top 50 two-year and top 50 four-year schools with online criminal justice degree programs respectively, ranking Washburn University, Saint Leo University, Keiser University Fort Lauderdale, Siena Heights University and Tiffin University highest among four-year schools and East Mississippi Community College, Kansas City Kansas Community College, Holmes Community College, Yavapai College and College of the Ouachitas highest among two-year schools.

"A criminal justice degree provides students opportunities to work in a variety of legal or protective service careers," said Dan Schuessler, CEO and Founder of AffordableCollegesOnline.org. "Criminal justice students will not only find a flexible learning option in the schools on our list, but also exceptional overall value in terms of both cost and educational quality when it comes to earning a criminal justice degree online."

AffordableCollegesOnline.org requires schools to meet several minimum requirements to be eligible for placement on their rankings. Colleges must be accredited, public or private not-for-profit institutions and must offer in-state tuition rates below \$5,000 annually at two-year schools or below \$25,000 annually at four-year schools. Qualifying schools are scored and ranked based on a comparison of more than a dozen qualitative and quantitative statistics, including financial aid offerings and graduation rates by school.

More details on data and methodology used to rank each online criminal justice program and a complete list of schools and scores is available at:

###

AffordableCollegesOnline.org began in 2011 to provide quality data and information about pursuing an affordable higher education. Our free community resource materials and tools span topics such as financial aid and college savings, opportunities for veterans and people with disabilities, and online learning resources. We feature higher education institutions that have developed online learning environments that include highly trained faculty, new technology and resources, and online support services to help students achieve educational and career success. We have been featured by nearly 1,100 postsecondary institutions and nearly 120 government organizations.
